

## Transport, Logistics, Set & Stitch

**Verde Global Transport & Logistics (“herein Verde Global”) is a Houston, Texas based integrated modular services company focused on serving the dynamic US marketplace. The company consults, delivers, and installs housing and other commercial building products for the highest quality directly or in partnership with its sister company, Verde Building Systems’ factories, prequalified developers and other Modular Manufacturers. Verde is focused on meeting the current, and increasing, need for a turn-key delivery solution from project award to structural installation.**

### Why use Verde Global?

- ✓ We engage with client and factories early in the modular construction process. This allows us to build faster timelines for completing the project.
- ✓ Modular Construction Management is our expertise. As an integrated modular delivery company we know the full life cycle of all types of projects. We provide solutions to deliver projects with less risk, increase cost effectiveness, and improve overall schedule.
- ✓ By providing a fully integrated transport and logistics operation we are able to control costs and potential impacts to projects. The modular units never change hands by utilizing our own trucking fleet and set & stitch construction crews.

### Trucking Freight Logistics

- ✓ Verde exclusively specializes in modular freight
- ✓ Verde Global owns and operates our own Trucks and Trailers.
- ✓ We have our own dedicated drivers that are experienced in oversized and high stakes loads.
- ✓ Regionally positioned fleet to provide national coverage for almost any modular project.

### Set & Stitch Construction

- ✓ Verde Global currently operates set & stitch crews nationally.
- ✓ Expertise in projects ranging from single family housing to high rise hotels.
- ✓ Knowledgeable and Experienced from A-Z in entire modular process.
